

Tapzol

(Revision: January 16, 2001)

APPLICATIONS

- Formulated from compounds with the highest anti-weld properties known, for increased tool life and a fine finish on hard-to-machine ferrous and non-ferrous metal alloys.
- The mineral oil based formula leaves a light, oily film for rust protection.

MATERIALS COMPATIBILITY

- Safe for all metals, except titanium.

AVAILABLE IN:

16 oz.:	71940
1 Gallon:	71941
55 Gallon:	71942

HEALTH AND SAFETY

- Refer to MSDS (Material Safety Data Sheet) for complete information on health and safety.
